8/9/17

Jane Kenny, Mike Anderson (GSH - affiliate of OCC)
Frank Dangi - GC Sub of OCP
Walter, Eric W., Eric S.

GSH - since 1992 - 40 employees
Manages OCC + OCP remediation, both legacy sites and discontinued operations at operating facilities

OCP - Third largest in terms of capitalization. 50 percent nat.
Exploration, recovery, transport 50 percent international

147 Sites - 2/3 are chemical - 17 chemical in NJ
12 ~~are~~ oil + gas in NJ
21 NJDEP sites - mostly the Hudson Ct COPR

Upper Hill - expl. of unity (example of Superfund Alt./AM)
TCC - sold/city Sources ~~for~~ brought by OCC.
TCC then gave Bailyn
Primary goal was protection and restoration of Ocoee River
(what about tribs? What about fish - human exposure?)
OrM - biological recovery What was CoC?
Did not dredge Ocoee - ~~Did~~ Was it bound to sed?
Dissolved phase?

Jim Aaman - OU1
Looking to optimize - ch O&M. Last completed 5 year review
- looking at add'l (well)
Remedy review - under review by EPA
What about flooding? - Cap should protect
Shut pits cuts off gw intrusion to river
~~[illegible]~~

CU2 - RD component
90 days work complete
Currently a number of docs under review including
site selection and site wide monitoring

CU3 Naval Bay
Phase 1-2-3 mostly complete
FS underway - completion expected 2021
Modeling coordination

AY - consummate professionals. LBA + Tetratech
have met many times. Juan Samoano
Evaluating opportunities to streamline schedule and
to integrate activities between OUs. (anything on NB?)
Field work advanced to help expedite PDI
w/EPA help. all deliverables on time or early.

Walter - How far along are you w/ site selection
Mike - looking at Clean Earth or Hackensack
- Chrome site (purchased from bankruptcy?)
→ looking at efficiencies
May lend itself to one large and several smaller

Chemtech looking at Hudson, Fox River.
Catherine - very different from Hudson.
Walter - Maya of Kearny may be open
Catherine - How will it be transported.
Mike - truck - Sand
Non haz
Haz
Walter - people in Hudson cleanup will opposed to truck
Mike - will be much to train.
Catherine - will it go thru Ironbound? They are already burned by truck traffic
Jim - Mike has been going to all the CAG meetings

Walter - Toys in Hudson had new diesel engines.
Catherine - GE did a good job of not being disruptive
Less noise & light than expected

Jim - GCC is meeting w/ community groups.
Walter - Tina generated good will w/ JTI
OPA provides facilitator - 15 people were trained.
13 graduated - were retained
Probably a year before construction begins, we will want to discuss a/year.

Martin Anderson - Jan Liem

Ex. 5 attorney work product; Ex. 7(A) interference with enforcement

Ex. 5 attorney work product; Ex. 7(A) interference with enforcement

We are trying to be predictable, transparent
health. We want to hear from PRPs, not just OCC, but all.
Lots of listening here.

Adaptive Management - means different things to different
people. We did not select an ~~the~~ iterative approach
but we are committed to using adaptive techniques.

Ex. 5 attorney work product; Ex. 7(A) interference with enforcement

Ex. 5 attorney-client communication; attorney work product
