180	Discuss placement and priority of additional wells at ST012.	Team	ST012	Contracting package submitted to contracting 6/20/2019 and was held up. Updated well table and figures discussed in August BCT call. Draft mod info reviewed by Wood August 2019. Several issues have delayed processing of mod including three changes to the contracting team since mid-2019. Updated documents sent to contracting Dec. 2019. Contracting documents still under AF review (Feb. 2020).
183	Additional data ST012	TEAM	ST012	Data being compiled if available, is being presented in BCT calls and/or posted. ONGOING
184	AF to issue letter to adjacent ST012 property owners to request advance notification of any proposed construction projects adjacent to ST012	AF	ST012	Draft letters under AF review. Figure(s) will be attached showing well locations. Will request AF legal review.
185	AF and ASU to sign memo for record for ASU retaining ST035 enclosure	AF	ST035	Draft memo for record sent to ASU for review and comments received 2/26/2020. Photos taken showing removal of all equipment.
186	PCOR listed in guidance for possible inclusion in partial NPL deletion docket but not mandatory.	Team		PCOR has been drafted by EPA and is under EPA review. Draft NOPD submitted to EPA and ADEQ 12/17/2019. EPA indicated limited resources available for review. EPA will draft PCOR. EPA to ask about EPA steps required pre federal register filing.
187	Issue newsletter	AF		Will discuss in early 2020 depending on PFOS/PFOA SI report status, water tower transfer, etc.
188	AF to keep EPA and ADEQ informed on 2020 upcoming contract vehicle	AF		Call to be set up. FedBizOpps is now beta.SAM.gov. Search term is BECOS. Some information is posted. RFP for one of the regions has been posted, but not for the Southwest. Williams is in the Southwest region.
189	AF to keep EPA and ADEQ informed on letters to well owners south of base (PFOS/PFOA)	AF		Letters and well survey forms issued late October 2019. Impacted municipalities were contacted in advance. 3 wells sampled 12/16-17. Results were non detect and well owners were notified. Two more wells to be sampled 2/26/2020. One additional well location – no reply after two attempts.
