Hi All,

Hope everyone had a happy and safe 4th.

So I'm still waiting to get a contractor to do the cleanup. They're telling me i can't do anything until that happens. So we'll have to wait to start the cleanup.

However, we'll be out there starting Monday afternoon (7/11). To stabilize the piles further while we wait for a contractor. I anticipate we'll be out there through Tuesday (7/12).

Sorry for the delays but I'm glad we can get back out there next week to do some more stabilization.

Thanks!
