Subject: EPA and contractors on-site at Freedom Industries

Good Morning,

Today will be the last day of EPA having a daily on-site presence at the Freedom Industries site. Either Dennis or myself will be attending the weekly Wednesday meetings at the facility. We will still be pursuing the development of the air sampling procedure and continue to communicate with WVDEP as it progresses and share when available.

If any needs that EPA can assist with arise at the site, please email or call. Below are the cell phone numbers for Dennis and myself.

Dennis Matlock

Cell phone: 304-280-7500

Melissa Linden

Cell phone: 304-650-3564
