Hey Enesta,
It's Alanna from WOWK. Hope you're well. I was hoping I could ask you about an SOP conducted on 4-MCHM by Raj Singhvi, a chemist and investigator with the EPA.

Do you have his contact info? Also--why was a SOP conducted by the EPA. What do these typically show and what did it show in the case of crude MCHM?

My deadline is 2:30. Thanks!
