Subject: Draft Listserv

All,

Below is the draft listserv text. I based this on the postponement notice we did for the glyphosate SAP in 2016.

Please let me know if you have any comments. Once we reach agreement, I'll forward to Allison and Cheryl for review.

Thanks.

Steve

April 27-30, 2020, TSCA Science Advisory Committee on Chemicals Meeting on Asbestos POSTPONED

EPA is postponing the Toxic Substances Control Act Science Advisory Committee on Chemicals (SACC) peer review virtual meeting scheduled for April 27-30, 2020, due to recent changes in the availability of members for this peer review. Given the importance of the draft risk evaluation for asbestos, the Agency believes that rescheduling for a time when more members are available is critical and will allow for a more robust review of the evaluation. As a result, the SACC meeting is being postponed to later in 2020. The Agency will issue another announcement once the new dates for the SACC meeting on asbestos have been determined.

You will continue to find information about this meeting, and links to related documents, on the TSCA SACC website at https://www.epa.gov/tsca-peer-review/peer-review-draft-risk-evaluation-asbestos.
