ASTHOactivities_ASDWA meeting.docx

Hi Mike. Here is the environmental health contact we have for ASTHO as well as the contact information for the Executive Director. Kerry Wyss runs their environmental health area (I worked with Kerry in OCHP). She provided a list of their issue areas on safe water, which I have attached to this message. I will be speaking with her about my interest in attending an upcoming ASTHO meeting and I would be glad to help make any connection with ECOS that would be helpful as well. Please advise how you would like to proceed. Thanks, P. G.

Kerry Wyss, MEM (kwyss@astho.org)
Senior Director, Environmental Health
