Hi Jim:
I forwarded the OneDrive link with the briefing materials but the creator of the files needs to approve it being shared. I believe she is in on Tuesday and will can do this. If not, I'll download the documents off the site and forward them to you.
Here are a couple items of interest as well.

Monitoring Macroalgae in the Great Bay Estuary for 2016, David M. Burdick, Arthur C. Mathieson, Sydney Nick, Molly McGovern, and Christopher R. Peter
