Hi, Bianca,
As I will be travelling for the remainder of this week, I wanted to take the opportunity to reach out to you this morning to find out if you can provide any updated information on the status of EPA's negotiations with W.R. Grace. As we have conveyed previously, we consider addressing the issues with W.R. Grace at the outset essential to enabling Phillips 66 to formulate a meaningful, good-faith response to EPA's Special Notice Letter. As such, we appreciate any information you can share with us on the progress of those negotiations.

Thank you for your consideration, and for any information that you are able to offer.

Hi, Bianca,
Thank you for the update that you provided last week.

During our call, you indicated that EPA would extend Phillips 66's good faith offer deadline, which deadline is currently set for September 4, 2018.

Given the impending deadline, I wanted to check-in with you on the status of memorializing that extension to the deadline in writing.

Thanks,

Brandi C. Sablatura

Hello Brandi and Steven,

The EPA recently held an in-house meeting with W.R. Grace and we wanted to share the points of discussion with you as we prepare for further communication. Would either of you be available for a call this Thursday afternoon to go over the status of the Site negotiation? The times that work best for Valerie Mann and I are 2:00 or 3:00 pm EST.
