I see that you are out of the office. We can talk next week. That will give me more time to review.

Thanks!

Hi Brandi,

Please see the attached Administrative Record Index for Horton.

I went back to look at W.R. Graces' response to the 104(e) and they sent a package of documents. It will take a bit to go through them for redactions. I may try to pick out the most pertinent documents to discuss with you and we can go from there. I will be able to look through them tomorrow so maybe I can touch base with you tomorrow afternoon.

Thanks,

Bianca N. Jaikaran

Subject: RE: Horton Iron and Metal Site

Good morning, Bianca:
As I am making myself more familiar with this file I realized that I cannot locate a copy of WR Grace's response to EPA's 104(e) request. Would you be willing to provide me with a copy of that document, as well as a copy of the index to the administrative record? Since the documents for this site are not available online, the only options I have for obtaining copies is through submitting another FOIA or sending someone to the library in Wilmington.

Thanks for your consideration.

Subject: RE: Horton Iron and Metal Site

It is my understanding that the entire interest owned by the Estate was deeded to Horton Iron and Metal. Phillips 66 did not receive any interest in the property.

Oh sorry – I see now, this deed you sent IS for the deed from the Estate to Horton Iron and Metal.

Can you please confirm to me whether any interest in the property was deeded to any other parties? (Phillips or any other?)

Thanks – sorry for my confusion.

Thank you, Brandi. That is helpful. If you should obtain a copy of the Horton deed, can you please provide it to me as well? I will try to check the NC deeds site, but I was having some trouble finding it yesterday.

Hi, Bianca:
It is my understanding that in 2016, the attorney for the Horton Estate began making arrangements to close the Estate. As part of that process, a portion of the site was transferred from the Horton Estate to Horton Iron. A copy of the deed that was provided to Phillips 66 is attached.

Subject: [EXTERNAL]RE: Horton Iron and Metal Site

Hi Brandi,

I spoke with John Horton this morning and he advised that Phillips 66 would be taking the lead

would have any information we need about the site.

I understand that previously, the Estate of Josephine Horton was a party because they continued to have some ownership of the site and then leased that portion back to Horton Iron and Metal. I would like to confirm, does the Estate still own a portion of the Site? Can you provide the latest deed?

Thanks for your help,

Subject: [EXTERNAL]Horton Iron and Metal Site

Good afternoon, Brandi.

In our past negotiations for RI/FS on the Horton Site, Phillips (Conoco at the time) took the lead on negotiations with EPA for Phillips and on behalf of Horton Iron and Metal Company and the Estate of Josephine Horton. Can you advise whether you expect to do the same for the RD/RA negotiations? Alternately, do you know if parties expect to retain counsel?

Thank you,
