Hi Brandi,

Let me look in my files on that. I will get back to you.

Also the ROD was to be briefed and signed this morning but it was pushed back to September 5 due to a scheduling conflict. I still expect to send out Special Notice around the end of October.

I never got confirmation from you as to whether you are the contact for Horton as the lead on the RD/RA negotiations. I left a message with Horton's previous attorney to also enquire but I have not heard back yet. Can you confirm please?

Thanks,

Hi, Bianca:
I am continuing to review the documents in the Horton file.

Related to that endeavor, I was wondering if you have any documents that you can provide to me that are related to the 1948 transfer of the site from Agrico to Naco Fertilizer? I have the Indenture Deed (attached), which EPA provided to us pursuant to a 2011 FOIA request, however I am wondering if any additional documentation was provided as part of WR Grace's 104(e) response. (It is my understanding that Grace's response was submitted after our FOIA.)

Also, recently Peter informed Eric that he expected that the ROD will be signed on August 30. Is that still the expectation?

Thanks,

Hi Brandi,

Yes, let me just confirm with my FOIA team that I can send this to you but I really do not see any issues with that. Let me get back to you shortly.

Hi, Bianca:
Thanks again for providing these documents, as well as for your time this morning.

After reviewing the documents you provided, I have one additional question—would you be willing to provide a copy of WR Grace's response letter to EPA's 104(e) request (i.e., the text of the response itself, not the attachments)?

Thanks again.
