Hi, Bianca:
Tomorrow at 10AM EST will work for me. If you'd like to give me a call at my office at that time, that would be great.

I look forward to talking with you soon.

Thanks,

Brandi C. Sablatura
Counsel

Thank you, Eric. If you could pass Brandi's information on, that would be helpful.

So far it looks like we are on track to get the ROD signed by early August. I can call Brandi tomorrow to discuss the timeline generally as we move through the process of negotiating the ROD and any other issues. Please let me know if you have any questions about anything in particular.

Thanks,

Subject: Horton Iron and Metal site

Good afternoon! I spoke with Pete Thorpe a week or so ago, and he indicated that the response to comments is written and undergoing internal and external review at the Agency and the state of North Carolina. He expects that comments on a draft ROD will be received by July 11th, and then he will make any needed changes and route internally for final approval before signing and issuing in either late July or early August. At that point then Legal would initiate negotiations of the final Order.

In the interest of moving things along and meeting the end of fiscal year target to get an Order

signed, are there any sections or language that could be worked on in advance? Or is there a template that is typically used? Is there any information we can provide in advance to 'get ahead of the ball' a bit? I believe our counsel to work this with you will be Brandi Sablatura, and I can get you her contact information if you don't have it.

Let me know if there is anything we can do as we'd like to move this along as well. Thanks!
