Nancy and Colleen – any Hot Topics we need to include for the administrator? This meeting is an ECOS meeting and SD will not be attending. Please send me a concise sentence or to asap for you think there is anything we should be including.

Thanks
D

Hi all,
Hot Topics are due to HQ TODAY. We have only received one submission thus far.

Since our last collection was in February, I'm assuming all previous topics are no longer "HOT". Utah hot topics are from July, but there are way too many.

As noted by Gerard below, HQ is looking for super-concise bullets for the Administrator – a single sentence if possible.

Please submit anything by COB today so I can submit to HQ.

Thanks,
Rebecca

Subject: Fw: ACTION & SHORT-NOTICE Request for Hot Topics

Hello All ,

I'm forwarding this request on behalf of Rebecca Russo and Melanie Wood. We apologies for this short-notice request for Hot Topics from HQ. The Regions have been asked to "pull together some **super-concise** bullets for the Administrator, who is delivering the keynote on Tues/Sept. 1, and the Deputy, who will attend the whole meeting. "

DC has requested information by Monday August 17th. Consequently, **Region 8 iupdates should be returned to Rebecca and to me no later that COB Friday August 14th**, in order to provide time for review and to assemble the composite package. The most recent Hot Topic write-ups are attached

OCIR indicates that general feedback to the Regions is that Hot Topics write-ups have been "WAY too long," and OCIR has asked that the write-ups be scaled back to: "... a third (!?!) of what you submitted before. A single sentence, if possible. ... and (OCIR) will...parse them down ..."

SD is among those states not registered and not expected to attend and therefore, there is no need for ND Hot Topics

Thank you for your assistance,
Gerard Bulanowski
