Thank you – for some reason I missed this message this morning. I have a few minor suggested edits in the attached. Marietta, do you have further comments?

Catherine –

I addressed all of your comments, with particular emphasis on mentioning that the Program will discuss, in the presentation, a particular path forward. You will now find an additional bullet at the bottom of the "Topics for Discussion" section. In this manner, the AA is made aware that the program will present an option to potentially move forward with the request, but under various circumstances. Let me know if this works and whether you have additional comments.

Best,

Marion J.

Thanks! Definitely go with Mike's comments, but maybe make it more clear in the paper that there is still a decision point here on what that path will be.

Catherine:

Here's the first draft of the Aldicarb one-pager by which I'm trying to keep succinct to not overlap too much with the slide deck. As it's currently Sunday, November 22nd, I'm also sharing it with the RD team in the event there are last minute additions early Monday morning. Let me know if you have any quick thoughts/comments.

Best,

Marion J.

Hi Marion - looks like we need a short 1-pager (in the "official" format) by Monday. Are you already working on this? We'll need some time to review in the RD IO so please send it up to us by noon on Monday, unless you hear otherwise.

Thanks!

See below - 1-pagers for the following will be needed on Monday. As noted these will likely need to go into AAW's binder (by 1pm) on Tuesday.
I know the Novel Products paper is a late start so will try and buy some time until Tuesday.
Note that those marked with an asterisk can be "brief" 1-pagers (please do use the 1-pager format though).
