Importance: High

Jane,

During the rush of the last administration to complete various tasks, there was a PFAS assessment on PFBS along with an internal deliberative memo from OCSPP that apparently were posted Tuesday. ORD and OCSPP Career Leadership request that these be taken down immediately pending further review. The materials posted are not supported by ORD or OCSPP career scientists and violate the Agency's scientific integrity policy. We will work to correct the document, brief new leadership then follow up with OPA on the correct release. Please see attached for more information.

Thanks for your consideration and happy to discuss further if you have questions

jennifer
