Manufacture Vanillin from Lignon from GP Bellingham

Formerly owned by Monsanto

upto '76 several other chemical products

black liquor solid – no longer made

now produce black liquor cake – WTO EHW (Fish Toxicity)

Vanillin still bottoms handled as DW but doesn't designate as DW – goes to cement kiln in Can. as fuel.

Solid Ca + Na SO_2 (strainer solids) high in Cu

Lab wastes 55 gal per yr. $MeCl_2$

K&L parts cleaner

Transporter + disposer:
- ~~Chem~~ Secured Resources Portland
- Resource Recovery
- Chem ~~waste~~ Security Mgt

Waste analysis needs to be updated
