HB 7043 was signed by the Governor today, so we now have the statutory authority to see Section 404 delegation. A big thank you to you and the 404 team for your work in moving the 404 assumption process forward in such a timely manner, which allowed us to get this legislation passed. We've got more work ahead of course, but the first concrete step of what was deemed an impossible lift is done thanks to the 404 team.

JJT
