Allison: I forgot to mention this – is OW preparing bullets on the two issues below? They were included in the list of water issues I received. I'm not sure where they came from, but it's my understanding that OW is the lead.

Allison: here is what we pulled together. The bullets under Water Infrastructure, Infrastructure Concerns and WOTUS, are from HQ, with the exception of the 2 highlighted Florida-specific bullets I added to the Water Infrastructure section. Please let me know if you have any questions.

Thanks

Always good to speaking with you, Larry.

See the AO ask below. If you received the ask on Lake Okeechobee, then we will stand down on that one. Otherwise, if I'm happy to send along whatever you put together on that issue. Re: FL 404 Assumption, I pasted some generals TPs that we sent to the AO last week on our404 program but they aren't specific to FL, which is where I will need your help.

We'll take this one. We'll also cross check with R4 to make sure we're on the same page for the OW/R4 issue. Thanks.
