Sure, I'd be happy to talk with you. I will be on leave Friday and my calendar is up to date. Have you touched base with Eve Zimmerman? She is the Water Division Consultation Advisor and can provide information on how your Division normally conducts tribal consultations, including the R4 WD Consultation Policy.
Thanks,
Katie

Subject: tribal consultation FL

Katherine,

I'm on a team that is working on the state of Florida's attempt to assume the 404 Clean Water Act program. Part of the process will be a series of Public Hearings once we've received FL's assumption request package. We also plan to consult with the Tribes. I'm currently putting together a contract for support on these meetings and I was wondering if you'd have a few minutes at some point this week to discuss how best to approach this with the Tribes? For example, would similar hearings to the Public Hearings with contractors to facilitate be appropriate for parity? Or is there a way we general consult with just EPA and the Tribes? I expect we wouldn't need long, maybe 30 min or less and I'd do my best to work around your schedule.

Thanks!
