Re: FOIA REQUEST, Fee waiver requested

Dear Sir/Madame:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request on behalf of the Center for Environmental Health ("CEH") access to and copies of documents identifying the brand names of spray fixatives containing trichloroethylene ("TCE") as well as the other products containing TCE that can be purchased by consumers as referenced in the Environmental Protection Agency's "Consumer Fact Sheet on Trichloroethylene (TCE)," publicly available online at http://www.epa.gov/oppt/existingchemicals/pubs/tce_qa.html.

Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of the subject. CEH is a non-profit, non-commercial organization which works to promote business products and practices that are safe for public health and the environment. CEH works in partnership with other effective organizations, public health experts, community groups, academics, and public officials to, among other things, educate consumers about "green washing" by companies seeking to falsely portray their products as safe for the environment. Please visit http://www.ceh.org/ for more information about CEH and its mission and achievements. Disclosure of the information is likely to contribute significantly to public understanding of the operations or activities of the government and green washing by businesses. This request is being made for a public interest purpose, and not for any commercial purpose. Accordingly, I request a waiver of any applicable fees for this request. However, if you decide not to waive any fees for the request, please call me and provide an estimate of the fees.

If my request is denied in whole or part, I ask that you justify all deletions or withholding of documents by reference to specific exemptions of the Act. I also request that you release all segregable portions of otherwise exempt material. Thank you in advance.

Yours very truly,

Mark N. Todzo
