NARRATIVE

At 1411, 30 September 2014, 3-0 (b)(7)c was notified by Grammer, Richard in person; of a non-injury traffic accident involving a government owned vehicle and a privately owned vehicle at the intersection of Belleau Avenue and Tripoli Avenue adjacent to Building #642, Gas Station. (b)(7)c was on patrol in marked unit #06K at the time.

INITIAL OBSERVATIONS:
At 1411, (b)(7)c arrived on scene and observed both vehicles involved in the collision removed from the point of impact and legally parked in the parking lot of Building #642, Gas Station. Both drivers identified the location of the accident as the intersection of Belleau Avenue and Tripoli Avenue. There were no injuries reported as result of this collision.

ROADWAY AND CONDITIONS:
The roadway at the location of the collision is a four way intersection constructed of paved asphalt. The roadway was clear of any obstructions of vision. The weather was sunny and clear and moderate traffic was noted at the time of the accident.

VEHICLES, OCCUPANTS AND INJURIES:
Vehicle #1 (V1) is a white 1998 Taylor-Dunn electric cart, VIN: 5099, bearing Government registration #295459. V1 was driven by Richard Grammer, who was in possession of a valid California driver license (#B6122115).

Vehicle #2 (V2) is a silver 2010 Ford Mustang, (b)(7)c bearing California registration plate (b)(7)c and registered to (b)(7)c V1 was driven by the registered owner, (b)(7)c who was in possession of a valid Florida driver license (b)(7)c (b)(7)c Both the vehicle's registration and insurance were valid.

DAMAGE:
V1 sustained damage in the form of a shattered front bumper and a shattered front driver side headlight which was still operable.

V2 sustained damage in the form of scuff marks and paint transfer to the rear driver side bumper and taillight with a dime sized hole in the bumper.

STATEMENTS:
At 1420 (b)(7)c (V2) provided a written statement in which he stated he stopped at the stop sign at the intersection of Belleau Avenue and Tripoli Avenue before he proceeded toward Gate #4 when he saw the cart make a hard left turn and hit him. (b)(7)c further stated he attempted to avoid the collision by accelerating and turning to the right but was unable to prevent the collision.

At 1430 Grammer (V1) provided a written statement in which he stated he stopped at the stop sign on Tripoli Avenue facing to the east and observed V2 already stopped at the stop sign exiting the gas station parking lot. He then observed V2 start to proceeded through the intersection so he looked over his shoulder toward the bridge on Belleau Avenue to ensure no other traffic was present. He then proceeded through the intersection while still looking over his should towards his destination which is an approximate 120 degree turn from his location when he struck V2. Grammer further stated that he thought V2 had cleared the intersection enough for him to make it through but misjudged V2 location.

EVIDENCE:
There was no collectable evidence at the scene. The damage to both vehicles was documented by (17) photos.

CONCLUSION:
V2 was exiting the parking lot of Building #642 moving west towards Tripoli Avenue through the intersection at Belleau Avenue, when it was struck in the rear driver side bumper by V1. V1 was attempting to turn west onto Belleau Avenue from Tripoli Avenue through the intersection and misjudged V2 location.
