APPENDIX V

PROJECT PHOTOGRAPHS

Photograph 1 Pressure washing Tank Farm A

Photograph 2 Pressure washing Tank Farm B

Photograph 3 Hydroblasting Tank 103 (Tank Farm A & B)

Photograph 4 Tank 105 (Tank Farm A & B) after hydroblasting

Photograph 5 Tank Farm A & B piping removed and ready for pressure washing

Photograph 6 Pressure washing Tank Farm A & B piping

Photograph 7 Rinsing Tank Farm A & B piping after pressure washing

Photograph 8 Pressure washing under Tank 113 (Tank farm C)

Photograph 9 Concrete in Tank Farm C after pressure washing

Photograph 10 Pressure washing Tank 122 (Tank Farm C)

Photograph 11 Tank 122 (Tank Farm C) after pressure washing

Photograph 12 Pressure washing Tank Farm D

Photograph 13 Tank Farm D after pressure washing

Photograph 14 Pressure washing Tank 132 (Tank Farm D)

Photograph 15 Cutting Tank 136 (Tank Farm D)

Photograph 16 Pressure washing Vacuum Pot / Thin Film Evaporator Area

Photograph 17 Vacuum Pot prior to removal

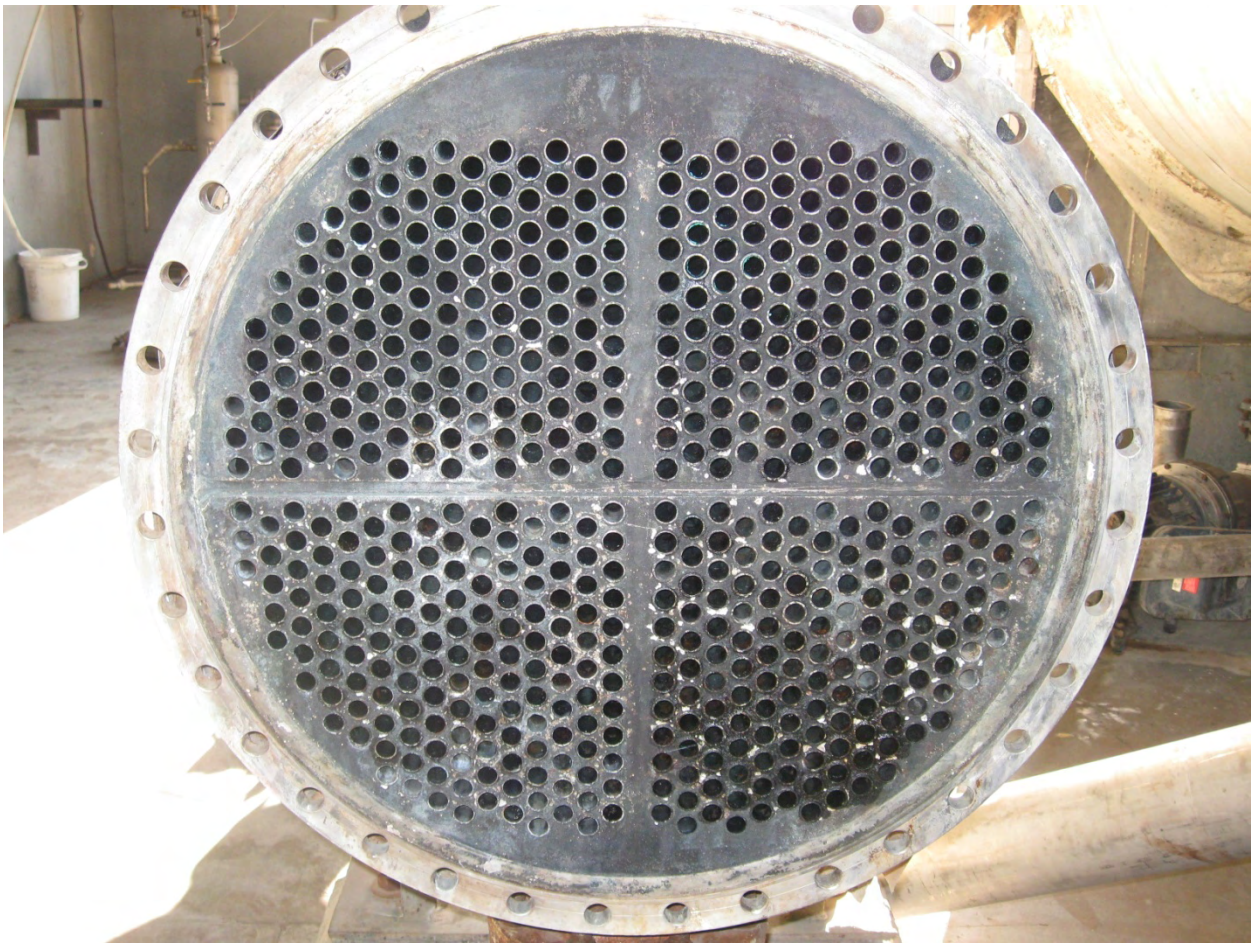
Photograph 18 Preparing Vacuum Pot for removal

Photograph 19 Preparing Thin Film Evaporator for cleaning

Photograph 20 Thin Film Evaporator after pressure washing

Photograph 21 Pressure washing Distillation Column Area

Photograph 22 Pressure washing column condenser tubes



Photograph 23 Column condenser after pressure washing

Photograph 24 VOC Unit after cleaning

Photograph 25 Pressure washing Drum Storage Building #1

Photograph 26 Drum Storage Building #1 after pressure washing

Photograph 27 Rail Loading Area after pressure washing

Photograph 28 West Bay Processing Area during pressure washing of piping

Photograph 29 East Bay Processing Area after pressure washing
