Mr. Tvenge, Mr. Sarnowski, Mr. McAfee-

Please see the attached letter from EPA regarding the *Wild Alaskan*.

As stated in the attached letter, please note the:

- notification requirements 48-hour and 24-hour prior to the intended departure of the *Wild Alaskan* from the vessel's current location to the offshore disposal location.
- 48- hour notification requirement to the three US Navy emails listed as well.
- Post- scuttling reporting requirements to NOAA (see letter for contact information) and EPA (Betsy McCracken).

We appreciate the coordination and cooperation between EPA, NMFS, FWS, ADF&G, ADEC and the U.S. Coast Guard during the approval process for the scuttling of the *Wild Alaskan*.

Please reach out with any questions. EPA would greatly appreciate receiving photos and video of the scuttling, and any other noteworthy observations.

Thank you,
Betsy
