San Francisco, California 94105

Dear Mr. Stoker:

The California Air Resources Board (CARB) is submitting to the U.S. Environmental Protection Agency (U.S. EPA) a revision to the California State Implementation Plan (SIP) from the Mariposa County Air Pollution Control District (District). The revision consists of Regulation XI, *NSR Requirements for New and Modified Major Sources in the Mariposa County Air Pollution Control District,* amended by the District on March 12, 2019.

Enclosed is CARB Executive Order S-19-002 adopting the District Regulation XI as a revision to the SIP. The SIP revision, consisting of the amended District regulation, is listed in Enclosure A to the Executive Order. To meet U.S. EPA's criteria for determining that regulation submittals are administratively and technically complete, we have enclosed an evaluation of the effects of the regulation on emissions, an evaluation of the regulation's consistency with 40 CFR 51, and other supporting documentation provided to us by the District.

If you have any questions, please contact Mr. Kurt Karperos, Deputy Executive Officer, at (916) 322-2739, or have your staff contact Dr. Michael Benjamin, Chief, Air Quality Planning and Science Division, at (916) 201-8968.

Sincerely,

Richard W. Corey
Executive Officer
