Subject: Material for CES briefings tomorrow

Hello Tomas, Kristin, and Ken.

Attached is an overview (as a PowerPoint and a Word document) of the Clean Energy Systems (CES) UIC Class VI project.

Calvin will present this information to you tomorrow at 9 am in prep for the OW meeting at 9:30 am.

We are not clear what concerns OW may have about this project and the urgency for the 9:30 briefing. This project tech review is going well and we have been coordinating with HQ on various technical review deliverables. It is R9's first UIC Class VI application/project but not the first in the nation.

We look forward to briefing you tomorrow morning on CES.

Regards. Kate
