Thanks Ed. Yes, lets push the call to later today if you can get in touch with Andrew and he is available. That said, if you are unable to connect with him today, let's try to have a short call ourselves this afternoon if you have time.

Ed,

Would you be able to loop in Andrew for this call? We still anticipate that it will be a relatively short call. However, our client may wish to join and we also had a question for Andrew so it would be helpful if he could join.

If this makes a 10am discussion difficult and there is a later time in the day that would work for you and Andrew please let us know. Again, we have good flexibility today other than from 10:30am until noon.

Thanks.

Subject: Seal Shield, LLC, Notice of Civil Penalty Action

Mr. Binford,

At the request of Andrew McCarthy of SealShield, I am contacting you regarding the status of the above-referenced matter.

As discussed during our conference call on May 14, SealShield intends to continue cooperating with EPA on FIFRA compliance issues. SealShield requested certain information, including the penalty calculation worksheets, from EPA necessary to provide a proper response to the Notice of Civil Penalty. To date, SealShield has not received this information. I was wondering if you could provide any information as to when SealShield can expect a response from EPA on this.

Sincerely,

Ed Schwartz
