Nick,

I'd like to talk with you about your presentation here. You're putting all of this information together in a very impressive way and I want to find out more about adapting this approach to some of the work we are doing.

Is there sometime this morning or next week when we can talk?

Thank you very much,

Andy

Subject: Deliverables from Today's Discussion

Enforcement Sensitive – Deliberative – Do not distribute

Hi Everyone,

Thanks again for the great discussion earlier. I've attached the zip file (renamed .piz) that is the data and FOIA response letter to PEER. Second, is the draft OECD document that suggests a modification to the definition of PFAS. There is also a CompTox list on the dashboard for these OECD compounds. Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Will keep you posted with future development.

Regards,
Nick
