Thanks Carrie.
And, I can incorporate the changes in the briefing paper if needed to get things done in time.

Copying Pooja, who is has the pen on the options paper. There were also a few comments from Cheryl last night that we are incorporating.. Will wait for Larry's and then send the final revision to Elizabeth this morning. R5 has pen on the briefing paper, I believe.
Thanks, all.
Carrie

Good morning – thanks to everyone's great work to pull these documents together. I have reviewed, made some edits, and the documents are attached. (Elizabeth: I worked off the docs that included Dimple's comments).

I believe that Larry has to review and sign off on these by 930am. I recommend everyone else keep pens down – these are great backgrounders and the important thing for tomorrow is the discussion.

Thanks!
Radhika

Elizabeth-

These are the drafts as requested: (1) the Briefing Paper (R5 lead) and (2) the Options Paper (OGC lead). R5 had a few questions on the Options Paper, but we wanted to leave the pen in the hands of HQ there so they can decide how to address.

I'm both attaching the current Word version of the documents *and* cutting and pasting the text into this message, in case people are reviewing from their phones.

Thanks to all. A true collaboration across EPA.

Randa is doing the agreed upon revisions to one pager now so that will be shared shortly, along with the options paper.
