Rick and team, thanks! The non-responsive as to revised scope bullets can be used as is and it's clear exactly what we are asking Diana to relay to PADEP.

REQUEST: For CRW, can you (or team) clarify for me, in a brief statement, WHAT IS THE MAIN TAKEAWAY WE WISH FOR THE RA TO RELAY when she speaks with the state secretary? It's not clear hear, and I will be reformatting this info so she can use them as talking points.

Thanks!!!
Lena

Lena,

Here are two updates: the non-responsive as to revised scope and the CRW cases, below, for the RA/PADEP Secretary's call.

Thank you Mark and Steve!

Hi Mark and Steve –

Please see Rick's email below. It looks like we will need an update o[non-responsive as to revised scope]and CRW by Tuesday morning. I am going to send out a separate email asking for any issues that need to be raised to the WVDEP secretary as well.

Thanks and please let me know if you have any questions.

Sincerely,
Allison

Hi Allison:

We probably should provide an update for this meeting between Diana and PADEP's Secretary (I think its usually with the Assistant Secretary). Can you get staff in motion to provide updates on the cases listed below: Carbondale and CRW? Lena will need them by Tuesday morning. Just use the same format that was used last month, examples below.

I can't think of anything that needs to be raised to the WVDEP secretary but if you or other staff have something in mind we can include that, too.

Thanks!

Rick

By the next Tues, June 29 managers meeting, please submit your proposal for any critical hot and/or emerging issues that you feel the RA should raise during his monthly meeting with **PADEP and WVDEP**.

You have the option of either emailing me PRIOR to the managers meeting (preferred), or raising the topic during the meeting to confirm it should be included this month.

Pls respond to this email with "no input" if no hot issues for your group.

For context, we submitted the following topics last month:

For PADEP:

non-responsive as to revised scope

EPA and PADEP response to Capitol Region Water (CRW) Motion to Intervene::

- PADEP, the DOJ (EPA), and Capital Region Water are submitting separate briefs to oppose the Lower Susquehanna Riverkeeper Association (LDRA) Motion to Intervene in a consent decree already entered by the Court by May 27.
- Ex. 5 DPP / Ex. 7(A)
- Background: On May 7, LSRA, with assistance from the Environmental Integrity Project, filed a Motion to Intervene in the federal district court in a CWA case brought by the U.S. and PADEP against CRW and

the City of Harrisburg for alleged failure to implement an approvable Long-Term Control Plan under the Partial Consent Decree to stem the flow of combined sewage into the Susquehanna.

non-responsive as to revised scope

For WVDEP:
