> Please see Cathy's email below. Do you have any insight, or would you be able to provide any information from a permitting standpoint on Harrisburg's CSO permit. I think I recall that most activity is with regards to enforcement, but I'm not sure if there is much we can provide Cathy on the permitting side. Thank you for your help and insight!

Not asking for a ton of work to be done on this at the moment. Would just like to get the general gist of what's going on with Harrisburg. I know we had a lot going on with them some years back, but I haven't heard anything in a while. I know some of this branches into compliance and enforcement And we can check with them in a bit. Just want to know what we're aware of..
