**To:** Chesnutt, John <Chesnutt.John@epa.gov>; Manheimer, Kelly <manheimer.kelly@epa.gov>
**Subject:** RE: Requesting EPA briefing on Montrose superfund

Both dates work for me but looks like June 8 is best for Judy so I'm fine with that date.

**Subject:** FW: Requesting EPA briefing on Montrose superfund

Dana and Kelly,

Judy is out next week so only the June 8 date works for her. I'm good for both dates, so if for some reason only June 3 works for you all, I suppose I could do the PV Shelf briefing part.

John

Hi Julia

I have put a hold on Enrique's calendar for June 8 at 3 and June 3 at 2 pm.

John C and Dana – please work together to decide which time works best for you (and others that you might have on the call) and get back to Julia today.

I am not sure if Enrique will want to participate – but suspect that he will.

Thanks
John

John Lyons

Good afternoon!

I'm circling back on this to see if there are any dates in the coming week/week after next that I could propose to Sen. Padilla's office for a standalone briefing on the inland Montrose site? Looking at everyone's calendar, it seems as though the following times may work:

- Wed. June 2, 10am
- Thurs. June 3, 2pm
- Mon. June 7, 11am
- Tues. June 8, 3pm

Please let me know if there are other preferred dates/times.

Thanks!

Julia

Hi Enrique,
I definitely agree with your suggestion in the third paragraph that a stand-alone briefing just for Padilla's staff on inland Montrose site (to include PV Shelf) is warranted here. As Padilla is so new – and Montrose/Del Amo is so complex and important – such a meeting, hived off from deep ocean DDT and from NOAA, would be a good opportunity for us.

Thanks,

Mike Alpern - Director, Public Affairs

**Subject:** FW: Requesting EPA briefing on Montrose superfund
**Importance:** High

NOAA Colleagues:

Please see below exchanges with Senator Padilla's office who has expressed an interest in a briefing on the deep ocean disposal sites as well as the Montrose Superfund site.

With your concurrence, I would recommend our EPA congressional office contact senator feinstein's office to alert them to Senator Padilla's staff's request and recommend we extend an invite to Senator Padilla's staff.

If you agree, we would also clarify that Monday's briefing would focus on the deep ocean disposal issue and we could arrange a separate briefing in the near future for Senator Padilla's staff on the inland Montrose site and near shore Palos Verdes site.

Please let us know your thoughts on my recommend approach.

Enrique

Thoughts on extending an invite to Senator Padilla's office on Monday?

Hi Sonam,
See the request below from Senator Padilla's office. Can the region help with this request?
Thanks.

Relatedly, we're hoping the briefing can cover the DDT barrel dump site that was found off the coast of Catalina. Thank you!

Hi Radha, happy Friday! We wanted to reach out to request a briefing on the Montrose Chemical superfund site in LA. Is that something you can facilitate? Thanks so much.
Angela
