Treating your letter as a request for production of records under Section 102.118 of the Board's Rules and Regulations, on behalf of General Counsel Leonard Page, your request is granted. However, you should know that the Agency has only copies of the tapes, IUOE Local 150 has the originals. Copies of the requested materials will be released to Special Agent [redacted] Please bear in mind that these documents constitute a part of this Agency's investigative files compiled for law enforcement purposes. In the event that any of the parties to a proceeding in which your office is involved request permission to inspect or copy these documents in circumstances where they have no right to view them, we presume you will assert the appropriate privilege and resist the demand for their production. Consistent with the Freedom of Information Act, we would not produce affidavits for other parties; however, after a case is closed, we are willing to release some case file documents pursuant to a request under limited circumstances. Accordingly, before releasing any of the materials released to you, please consult with my office.
