Subject: New: Colorado Climate Change Vulnerability Study

Attachments: co_vulnerability_report_2015_final.pdf

Dear Climate Change Workgroup Members and Observers:

A recently released report out of CU and CSU discusses Colorados vulnerability to climate change by sector, and opportunities for adaptation. The sectors include:

ecosystems, water, agriculture, energy, agriculture, outdoor recreation and tourism, and public health. It is in the I:\30 Day Share\Climate Change folder and attached to this email.
