Hi Chip and Rebekah (and Fatima),

I got an email last week from NGC that they are switching project managers as Kurt is moving to another site. I have a transition meeting with Kurt and the new PM this Thursday and I want send NGC a site visit follow up letter before then. Do you have time by Wednesday COB to review the attached letter and the recommendations? Let me know if you see anything you'd revise. Here is the letter with tracked changes enabled: 2021-10-xx DRAFT EPA Letter, Follow up on 825 Steward Site Visit.docx

Thank you,
Michael

Here are some proposed edits. Today I am less busy than tomorrow.

Thanks
matt

When you are back let's talk about the highlighted recommendations. . . . or if you want you can just incorporate this into whatever you put together.

Thanks
matt
