Triangle Lake Forest Pesticides
Karen Bishop

- Industrial Size application is not the same as homeowners spraying: homeowners are not obliged to keep records, industry is. homeowners do not use the amount of pesticides, industry does. homeowners don't have the requirement to report, industry does.

Dave Powers in EPA is doing research on spray practices in Oregon & other states (maybe B.C.)

- What's EPA's role? (Partnering w/ agencies)
- What do we think of the States response?

Refine the message on how EPA & FIFRA & state

Public meeting in July - hosted by state
EPA will attend
