accusations

= Informal conversation with Judy Smith & Karen Bishop
- Forestry used to spray agent orange all along the Oregon Coastal Range forests on clear cutting
→ 24D is another ingredient of agent orange
→ agent orange was banned when one of the ingredients was banned

Exposure investigation is likely to go through 2012
August urine collection was pre-spray

→ looking for ways to meaningfully engage the community

CAG - community group that is broadly representative of the community to come together in a safe place to air issues and concerns.
- usually self-determined

① hold an informational meeting - is there enough interest in this community to provide advice?
= Center for Conflict Resolution = can we get them involved and help this community settle some of their differences, feel less intimidated?
→ call the Center for Conflict Resolution
- if it only presents one viewpoint they can create their own single interest lobbying group
- a CAG has a different purpose
- tied to an event, limited scope, the communities own charter
→ 12-15 members on the CAG, meetings are held in public
