Heather: FMC has reviewed EPA's undated letter regarding Submission of Integrated and Updated Removal Action Work Plan and Modification to Air Monitoring Plan, received by FMC on August 17, 2016, and requests the following clarifications:

1. Confirmation that the 30 days for submittal of the modification of the Air Monitoring Plan (AMP) began on the date FMC received the letter (same as specified in the letter for submittal of the modified and updated Removal Action Work Plan); and,
2. The modification to the AMP can be submitted as a stand-alone plan that will incorporate itself by reference to the EPA-approved RCRA Pond UAO - SOW Task 1, Air Monitoring Plan - Part I, RCRA Pond Air Release Monitoring, January 2011.
