Subject: RE: Local Disposal Costs for the Crouse-Hinds North Landfill

Pam -

We have a draft and are currently awaiting client review. Unfortunately, postponement of the call has reduced the urgency but we'll circulate as soon as we can.

Thanks for continuing to push all of us along!

Gary

Subject: Local Disposal Costs for the Crouse-Hinds North Landfill

Gary, During our last conference call, you said that you would be able to get us a better breakdown of the construction and Operation and Maintenance costs for the disposal of the Lower Ley Creek soils and sediments at the Crouse-Hinds North Landfill. It would be great if you could provide us with a basic cost breakdown that is similar to the one produced by the Town of Salina in the near future.

Please let me know if you have any questions regarding the above.

Thanks, Pam
