Subject: RE: Revised Lower Ley Creek Proposal?

Pam,

Unfortunately, it will not be before this afternoon's call. The proposal is still being prepared and has to be formally approved by the Town Board before it is presented. I suspect that its presentation to EPA will not occur until the second week of June.

We also wonder if it would be best to discuss the issues DEC has recently raised regarding the Salina site as an option within a smaller conference call?

Frank

Subject: Revised Lower Ley Creek Proposal?

Frank, During our call on May 7, you had said that the Town of Salina Board had asked you to revise the Town's earlier proposal to EPA regarding local disposal of sediment and soils from the Lower Ley Creek site at the Town of Salina Landfill. Can you tell me when you expect to send it to us? Will it be before this afternoon's call?

Thank you, Pam
