Underground Injection Permit Actions

- Permit Issuance Timeline Related to Tribal Consultation
  - EPA permitting actions require consultation with tribal nations if the activity may affect their interests. The Seneca Nation has expressed a desire to consult on permits that may affect tribal aboriginal lands. This originally encompassed the entire Allegheny watershed.
  - EPA has sought in discussions with the Seneca Nation to clearly identify areas of concern. Discussions have indicated that disposal wells in the upper Allegheny watershed are of primary concern.

- Roulette UIC Permit
  - The draft public notice for Roulette was issued on December 31,2020.

- The public comment period was extended until April 5th per Clara Townships request for a 30-day public comment extension.
- EPA entered the consultative process with the Seneca Nation and is finalizing our response to comments to the Nation.
- EPA is also working on the public response to comments.

- Sandstone Development
  - The Sandstone Development submitted an application for a UIC enhanced recover permit to EPA.
  - A consultative letter is in concurrence to send to Seneca Nation and the permit is being drafted.
- Bull Run Resources Draft UIC Permit
  - The Bull Run Resources Draft UIC Permit for enhanced recovery permit has been finalized.
  - Seneca Nation declined offer for consultation.
  - The public notice of the draft permit is scheduled for April 8th and a public hearing, if requested, is scheduled for May 11th.
  - EPA has not received any public comments to date.
- Catalyst Energy Draft UIC Permit
  - The Catalyst Energy Draft UIC Permit for a disposal well has been prepared by technical staff.
  - EPA met with the Seneca Nation on April 21, 2021 and is awaiting formal comments from the Nation.
