Hi Amy,

See below for suggested text. I'm also attaching the full list of CARB/SDAPCD/ICAPCD projects funded. Should we also contact Imperial and San Diego to let them know about funding decisions? I'm happy to prepare those e-mails if you'd like.

Michael,

Thanks for your e-mail. Yes, we did recently make our final funding decisions for FY19/20. We appreciate all of the proposals that CARB submitted, and we're happy to let you know that we will be able to fund the projects listed below. Unfortunately, due to limited funding, we're not able to support the other projects CARB proposed. Please let me know if you have any questions.

Agency	Description	FY19 Funding Request
CARB	Imperial County forecast/alert website	$140,000
	Additional monitoring support for SPA BC in Baja CA. Software update ($4,500) and equipment costs ($15,000).	$4,500 $15,000
	Revise on-road motor vehicle emissions in Baja CA	Approx. cost: Mexicali - $35,000 Tecate - $25,000 Tijuana - $40,000
	Support 2 City of Mexicali attendees to the 2020 Sensor Conference	$2,000
	Subtotal (CARB)	**$261,500**

Hi Amy,

Have you been able to make any decisions about which CARB proposals Region 9 might be able to support for FY2020-2021? Our administrative group is asking for a list of approved projects by this Wednesday (July 3) for inclusion in a 105 grant package they will be submitting to USEPA July 12.

Thanks,
Michael

Hi Amy
The attached list has been prioritized. When do you think we will know about the money or the projects?

Hi Sylvia,
This includes a wide variety of projects. Are they listed in priority order? If not, could you please do so?
Thanks!
Amy

Hi Amy
Thanks for giving us an extra. Attached is a list of draft border project ideas. We realize that not all of these will be funded. If you have any questions, please give me a call.

No. But we don't have endless funds ☺ Please call Christine or me if you'd like to discuss ideas.

Is there a cap on the amount of funding per project?

Hi Sylvia,

As always, we will be adding the Border tasks to CARB's overall 105 workplan. Thus, we would like to get your requests as soon as possible, but no later than May 6. We don't need lengthy workplans at this stage. Rather, a description of the project, approximate time frame and budget.

I am copying Christine Vineyard (interim border coordinator) and Angela Latigue (CARB 105 grant project officer).

Please feel free to contact me or Christine to discuss any ideas or questions you may have.

Thanks,
Amy
