FIFRA GRANT FUNDING OF STATE PESTICIDES ENFORCEMENT

Status as of October 20, 1982
Revised January 31, 1983

This chart shows the actual distribution of each fiscal years appropriation for FIFRA enforcement grants. Most of the states in the grant program use the Federal fiscal year with the majority of the funds being awarded for current year expenses. However, these figures must not be confused with the funds available to each state within a given fiscal year, since grant funding may have been for the current year, forward funding for the following fiscal year or a combination of both.

The FY 83 Preallocation figures are those shown in the FY 83 Grant Guidance Package. The Regional Preallocations were adjusted on June 21, 1982, by reducing Region VII to $451,000 and increasing Region VIII to $633,765.

NG indicates there was No Grant with the state during the fiscal year.
