Subject: RE: ESC Weekly Check-in

Thanks. What is the plan for letting MD know? Also, PFAS website update?

Ed Messina, Esq.
Acting Office Director
Office of Pesticide Programs
Office of Chemical Safety & Pollution Prevention
U.S. Environmental Protection Agency
Washington, D.C.

I spoke with Bayer today, and told them the Permanone samples we got from them is clean. Their containers, including the lids are also clean.
I suspect that since PFAS are everywhere and if one does not take precaution is handling oily products, contamination could occur.
Bayer also asked for our method. We will give it to them as soon as we complete the review
Thuy
