Subject: ACTION BY TUES, 2/1 DOEE/DNREC

Hello ECAD Managers;
And the cycle continues….

By the next Tues, February 1st managers meeting, please submit your proposal for any critical hot and/or emerging issues that you feel the RA should raise during his monthly meeting with **DOEE and DNREC**.

You have the option of either emailing me PRIOR to the managers meeting (preferred), or raising the topic during the meeting to confirm it should be included this month.

Pls respond to this email with "no input" if no hot issues for your group.

For context, we submitted the following topics last month:

Nonresponsive based on revised scope

DNREC

Nonresponsive based on revised scope

Citizen Complaint Response in DE

- In response to multiple complaints from a Sussex County, DE resident, Ex. 6 Personal Privacy (PP), EPA Region 3 is conducting inspections in Millsboro, Delaware.
- EPA has coordinated with the Delaware Department of Natural Resources and Environmental Control (DNREC) to investigate the complaints both Agencies have received from Mr Ex. 6 Personal Privacy (PP) regarding the spray irrigation and disposal of liquid wastes in the Millboro area.
- EPA and DNREC had to postpone the scheduled December 21 inspection due to Ex. 6 Personal Privacy (PP) however the inspection will be rescheduled for some time in January. EPA will accompany DNREC on an announced stormwater inspection they are leading on the Inland Bays Waste Water Treatment Plant for stormwater and spray irrigation concerns. EPA will lead a stormwater assessment of RB Hauling's Lawson Road property in Millsboro, Delaware that same day. DNREC will be participating in the Lawson Road property inspection as well.
