All,

I'm forwarding a Title VI complaint that OCR received this week from Earthjustice. It is related to Earthjustice's recent CWA citizen suit against the state of Hawaii Agribusiness Development Corporation.

The alleged discriminatory acts in the Title VI complaint are:

V. DISCRIMINATORY ACTS

HDOA and ADC's discriminatory actions and failures to act include both HDOA and ADC's lack of a Title VI program; HDOA's failure to limit pesticide registration; HDOA's failure to require or implement protective buffer zones between pesticide use and communities; HDOA's failure to adequately enforce federal and state pesticide laws; ADC's leasing or licensing of lands without protecting communities from pesticides; **and ADC's refusal to obtain a permit under the Clean Water Act for its drainage ditch system.**

I've attached the CWA citizen suit for background. Please let me know if you have any questions or want me to keep you informed about the status of the complaint.

Hi, Desean, happy Friday.

Just wanted to make sure you'd seen this most recent Title VI complaint. OCR is in receipt and is reviewing. Alexis has asked Amy to take the lead in making sure we and OCR address this complaint hand in hand, and in a way that establishes good practices.

In turn, Amy has asked us (you, me and Richard) to help staff this.

So, please stay tuned for a meeting invite for next week.

Many related events/activities are already underway.
