Subject: EPA Complaint no. 44RNO-16-R9

Good afternoon,

My name is Brittany Robinson and I am the case manager who was originally handling the Title VI investigation and subsequent Informal Resolution Agreement (agreement) with DOA. I have recently returned from maternity leave and I am now rejoining the process. As you may know, we are trying to work with ADC to resolve their Title VI complaint and they are interested in the plans and work that DOA has already completed. I understand that as part of the agreement monitoring, the first deliverable to EPA will be the latter part of September, but if you have a moment I would like to briefly discuss some of DOA's related nondiscrimination plans and/or policies.

Would you happen to have anytime this week for you and I to discuss? I am in the rest of this week. Please let me know when you have a chance.

Thank you,
Brittany Robinson
