Subject CDC Presentation on their Part B submittal (see attached letter)

Summary

I explained to Larry that my reaction is that CDC should not make presentation on their Part B application. Their Part B is fairly straight forward and self-explanatory. Larry reaction is to invite CDC in to discuss their intentions with respect to 21D. Chapter 21D allows a facility to increase their capacity to 25,000 gal without going through the site assignment process

Larry will discuss the CDC presentation with Steve Dreeszen. He will get back to me if they decide to have CDC make their presentation. DEQE will coordinate the scheduling of this presentation

Re: Chemical Waste Management
of Massachusetts, Inc. (CWM)
Natick, MA

Dear Mr. Wade:

The Department of Environmental Quality Engineering, Division of Hazardous Waste has received the enclosed hazardous waste facility license application.

We will be reviewing this application for completeness and technical adequacy under the Phase I and Phase II Hazardous Waste Regulations. We anticipate our review for completeness will be finished by the end of January.

In the meantime, we look forward to your presence at the CWM presentation of their submittal. We will describe the details of our hazardous waste licensing process to you after the presentation. This meeting on November 28, 1983 is scheduled to begin at 10:00 a.m. at the 10th floor conference room, One Winter Street, Boston, MA.

Please feel free to contact Linda Benevides of my staff at (617) 292-5630 if you have any questions or concerns.

Very truly yours,

Steven Dreeszen, Chief
Licensing and Engineering

Person ~~Contacted~~ called Fred Johnson

Phone No. _____

Location TRC - E. Hartford Conn.

Subject Comm. Disposal W. Springfield, MA.

Summary

TRC is conducting an environmental audit for the American Insurance Group. Comm. Disposal has applied for an insurance policy from the Amer. Insurance Group. He is evaluating whether or not this policy should be issued. His company did an inspection at Comm. Disposal yesterday. We discussed the findings in the order. (He had a copy of this order). He expects to receive a copy of the Part B from HRP Assoc. this afternoon. I suggested he talk to Jim Owens relative to the Comm. Disposal settlement conf.

Location Comm. Disposal Co.

Subject _____

Summary

① CDC has scheduled a meeting with DEQE for Wed. Sept 12, 1984. The purpose of the meeting is to discuss CDC's request to increase their design capacity. I stated that I did not plan to attend the meeting. (This info will be submitted with Part B)

② Larry also stated that he does not think he will be able to meet the design capacity designated on the Part A by the time set specified in the order.

I suggested that he discuss this with Jim Owens.

Action Required Larry Stone should call Jim Owens.

Subject Is a waste water soluble oil a Mass. haz. waste?

Summary Al felt that more information is needed in order to make the determination

If the waste oil meets the state definition of "waste" and "oil" and is not a "white oil", then the oil would be a MASS. HAZ. WASTE (see 310 CMR 30.010)

Action Required None at this point

Subject Manifest Requirements for Commercial Facilities

Summary

If a commercial facility does not actually generate their own waste but simply stores other people's waste, they would be generator on the second manifest.

Example

Company ABC	Commercial facility	Ultimate Disposal Site
a) generates waste	a) Manifest A TSD	a) Manifest B - TSD.
b) manifest A generator	b) facility stores & transfers waste not ultimate TSD	
	c) Manifest B - generator	

This is explained in 265.71 (c)
