I called to give a heads up that EPA is sending her a letter (114 Letter) to ask for info on the Rigby Flooring project. Should we mail it to her directly, or someone else?
A: Send it to her. I briefly explained our Admin settlement process. Penalties can be assessed. My supervisor Scott Denney will make the decision if we believe a violation has occured + whether enforcement action is appropriate.

(1) [redacted], St. Anthony Work Camp [redacted] called w/ update on his asbestos complaint for ITD, Rigby
He filed a complaint w/ State OSHA.
They are forwarding it to the Industrial Commission of ID and the Division of Bldg Safety.
Phone # [redacted]
They have authority over prisoner health

[redacted]

9/13/13

Conference Call Re: Asbestos Complaint
St. Anthony Dept. of Corrections
Job Site: Rigby DOT breakroom.
Kellye Eager, ~~Doc (Complainant)~~
Dept. of Public Health, Eastern ID
[redacted] D.O.C.

We've discussed this earlier (8/15)
R10 can issue an IRL and gather information

Whistle blower protection?

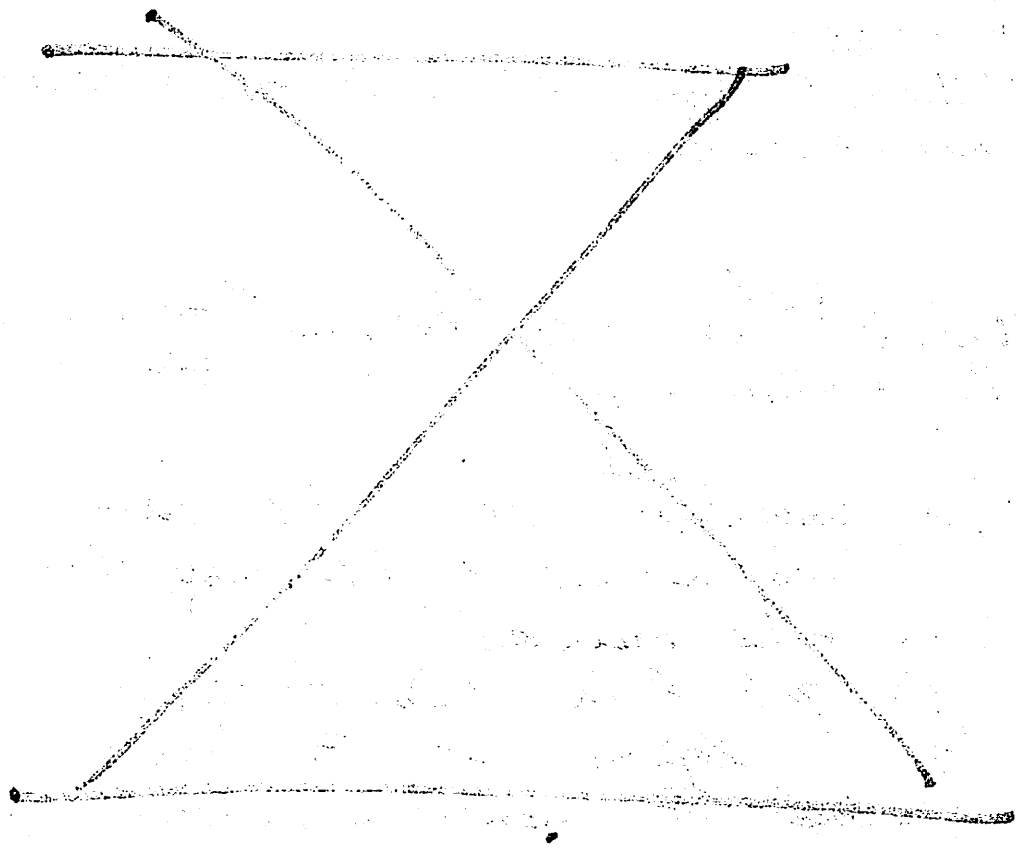
What role can Dept of Public Health play?
Closest landfill? The county line.

[redacted]

Physical address? See his earlier email. 206 N. Yellowstone Hwy Rigby, ID
Health Concerns: Contact State OSHA to see who is responsible?
- Inmates were paid for their work.
IDOC Central Office pays them.
DOT pays for each inmate.

DOT asked DOC to come tear down a wall.

Follow up: I will recommend to my supervisor we issue a 114 letter.



8/15/13

ID Dept. of Correction, Correctional Officer
Re: His complaint that he supervised a DOT breakroom floor replacement. After the job, he collected samples after asking the hazmat coordinator said he didn't know if flooring contained asbestos. The test results came back positive 4-5% Chrysotile ACM.

→ He will send me documentation of the samples.
