Feb. 1, 1988

Ms. Carole Peterson,

In a letter I received from Christopher J. Daggett Regional Administrator of the N.Y.S Dept. of Environmental Conservation, he advised me that I could request a copy of the site inspection report of property formerly known as Midland Processing Inc.

The property is located on Quaker Road, Pomona, NY. At the present time it is occupied by Barr Laboratories Inc.

Enclosed find copy of letters from Mr. Daggett & Congressman Gelman.

Thank you for your cooperation.

Sincerely,

Louis J. Comarosa
