Hi. I enclose the letter that I sent to the EPA, at their request, from the people who would participate in the meeting.

Hi Ruby,

Ahead of our meeting this week, please find attached Dr. Ron Sahu's comments regarding AES' coal ash cell construction and groundwater monitoring that were produced after the following:

1. AES responses to prior EPA comments on November 5, 2021;
2. EPA's letter to AES on January 11, 2022;
3. AES' letter to EPA on March 31, 2022;
4. AES' 2021 Annual Groundwater Monitoring Report dated January 31, 2022;
5. AES' Addendum to its 2021 Annual Groundwater Monitoring Report dated March 11, 2022.

We look forward to speaking with you.

Best,

Christine

Dear Dr. Waterhouse,

On behalf of 11 Puerto Rican organizations, please find attached a letter highlighting new and glaring concerns about AES-PR and the urgency for EPA to take swift action to protect communities who have been contaminated for nearly two decades. These impacted groups also request a meeting to discuss these issues, and the enforcement needed from EPA before AES-PR escapes liability for cleaning up its enormous mess on the island due to its coal ash waste.

Sincerely,

Nathan Park
